

# TWO DOGS AND A CAT PET CLUB

Thank you for choosing Two Dogs and A Cat Pet Club for your pet's care.

We have provided you the ability to view the pet cameras in our play areas through our website or through an app on your Android or Apple phone or tablet.

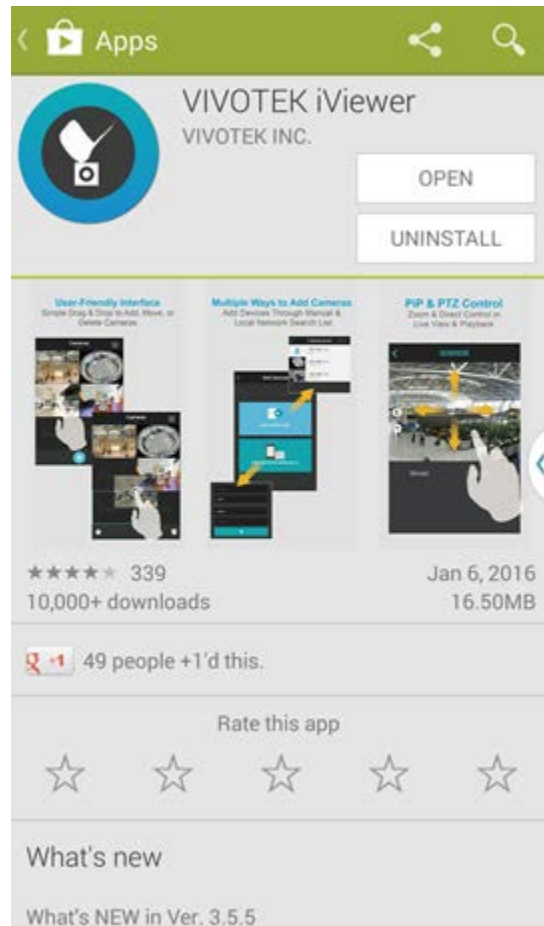

To view the cameras on our website, simply visit <http://www.twodogsandacatpetclub.com/pet-cams/> to login. \*Note: The camera connection displayed on the website is manually started up to two (2) times a day. During this time, the cameras will not be displayed on the website. This delay typically lasts less than five (5) minutes.

To view the cameras on your mobile device, please follow the directions below for the device you are using.

For Android users:

Download the Vivotek iViewer from the Google Play Store:

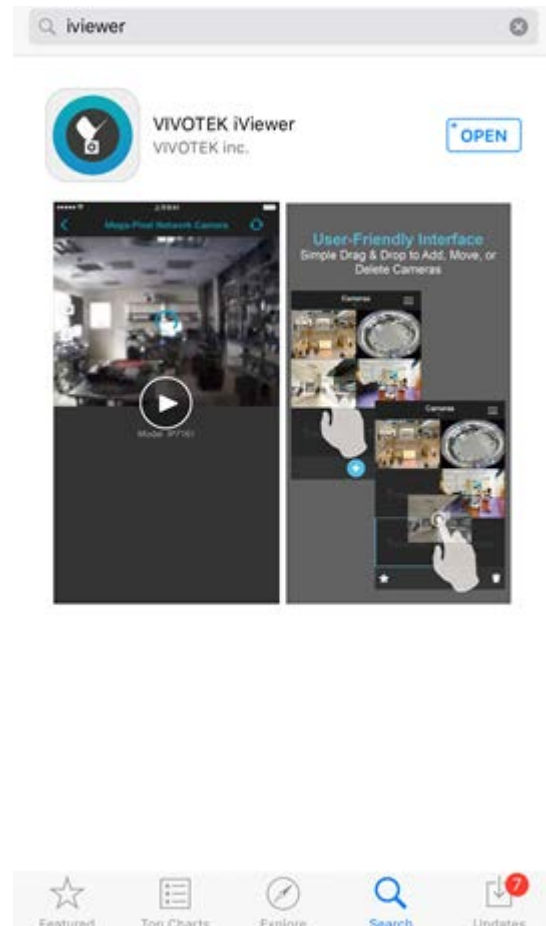

<https://play.google.com/store/apps/details?id=vivotek.iviewer2.app&hl=en>

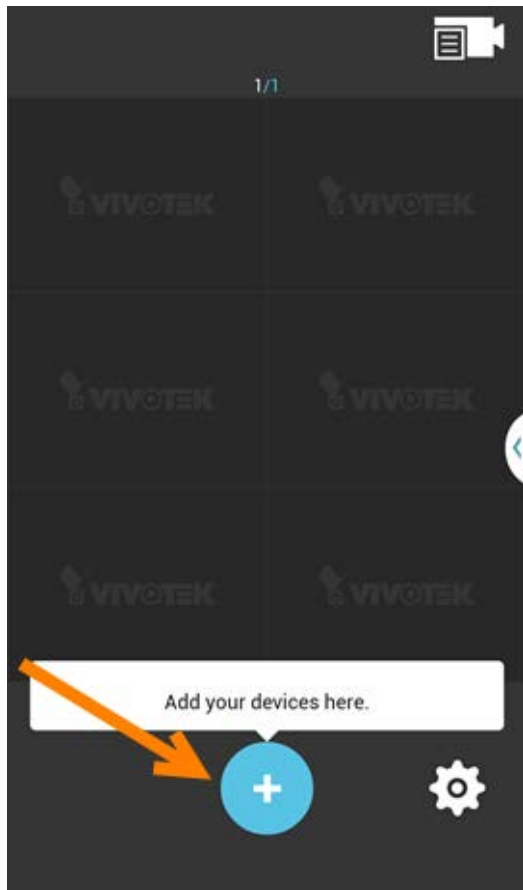

For Apple users:

Download the Vivotek iViewer from the iTunes App Store:

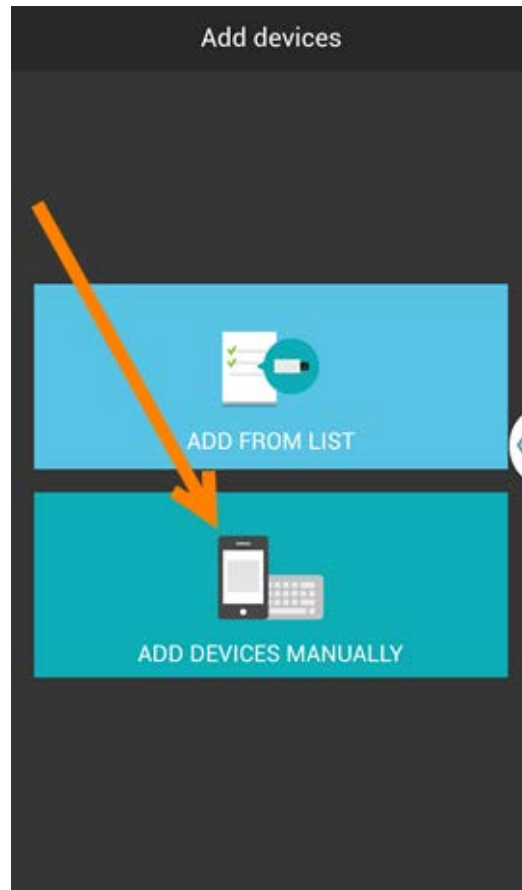

<https://itunes.apple.com/us/app/vivotek-iviewer/id917207211?mt=8>

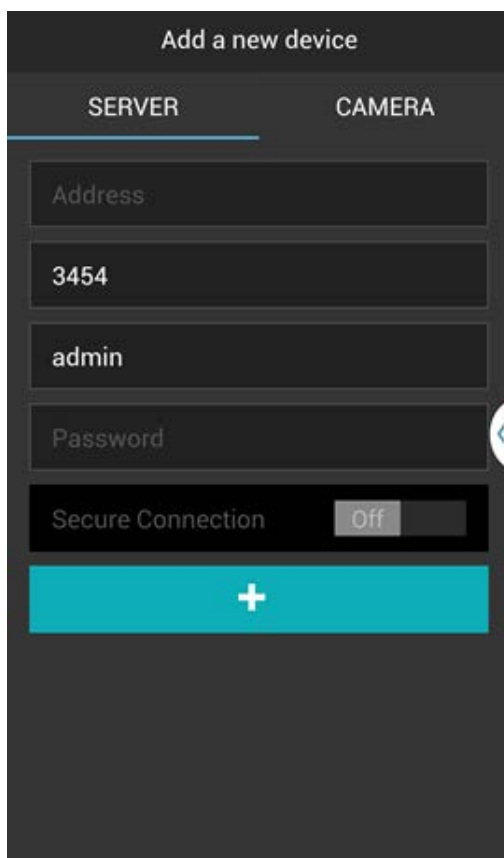

For both Android & Apple users: After downloading and opening the app, you will see the following screen.

Click on the blue circle with the plus sign (+) to add the cameras to the app.

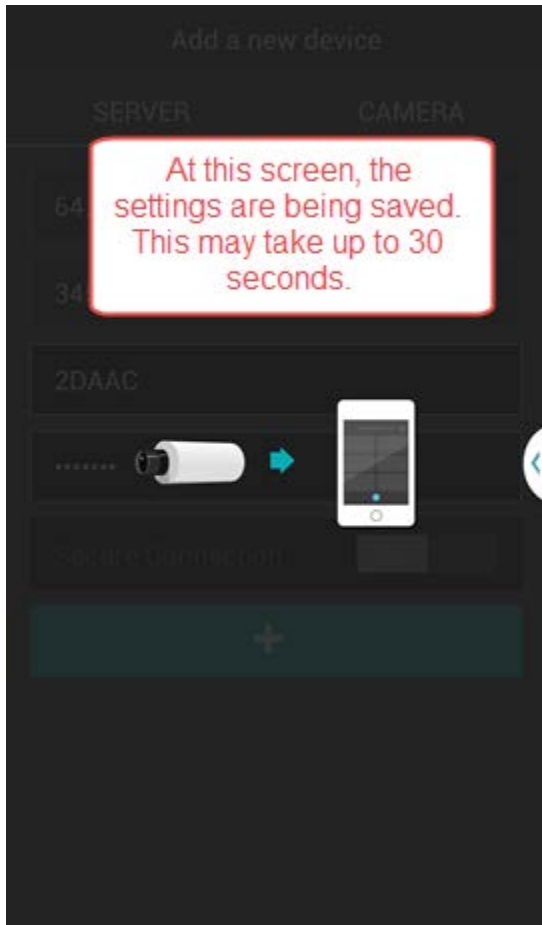

Select the "Add Devices Manually" option.

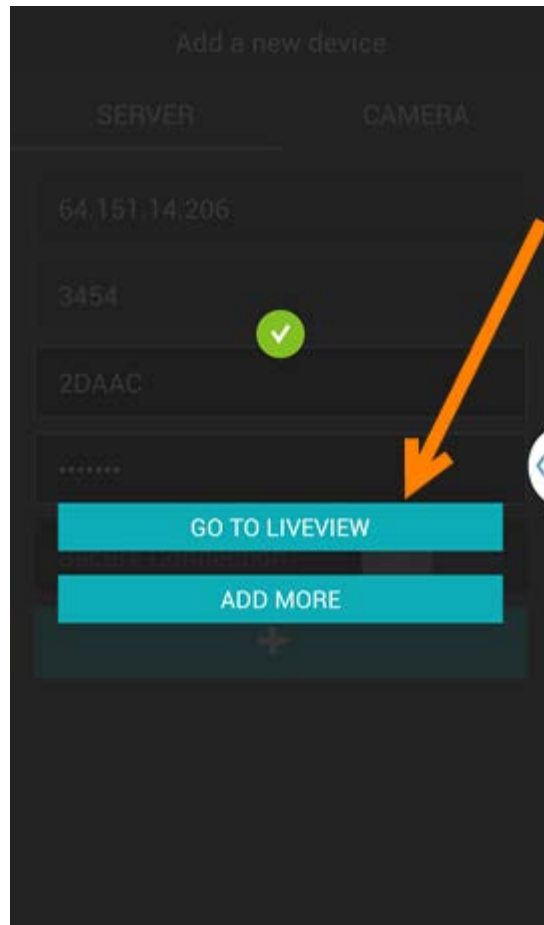

You will be presented with this screen that is mostly unfilled out.

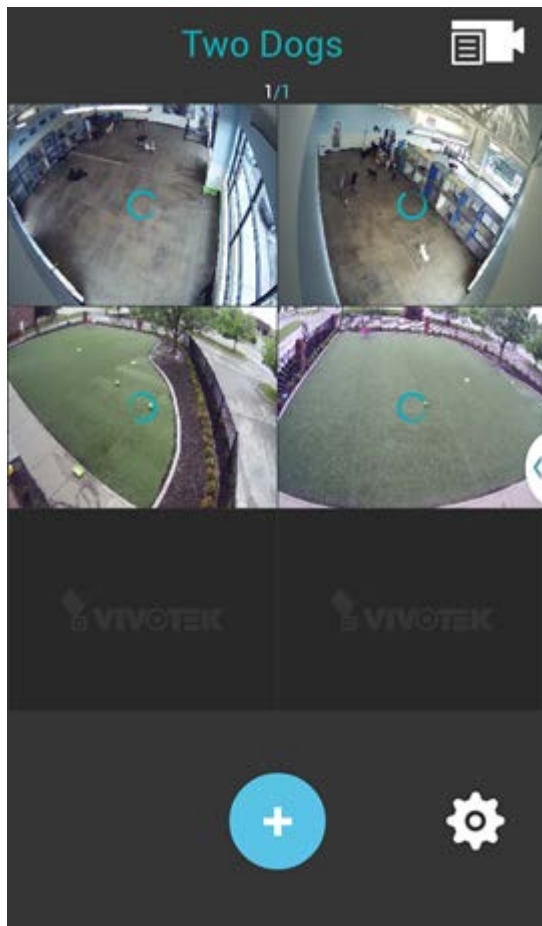

Please make sure you fill out the "Server" screen as showed above.

Please wait for this screen to change, there is no progress bar while this image is shown.

The settings have now been saved. Please click, "Go To Liveview".

The cameras are now added to the app on your device and you can view them by opening the app and viewing the live feed at any time.

If you have any issues setting up the app or viewing our cameras, please contact us.
